What are people saying about the Power

"The Power Organization is a group of highly dedicated individuals who are motivated to advance the mental and athletic development of young girls through their strong desire in fastpitch softball. I commend the Power organization for taking the interest of the players above all things"
Sue Rectenwald - Parent

"The Power players on my roster are not only quality ball players but maintain Honor Roll GPAs. They are disciplined, motivated, and dedicated to not only softball but also higher education. I truly believe that "The Rock" will have its first winning season in over 15 years because of the Pittsburgh Power."
Vashon Johnson –Head Coach, Slippery Rock Univ.

"Pittsburgh Power has been a great learning experience on and off the field. Power has made great strides to be the best, by playing the best. The Power organization make it a priority for their players to learn from their mistakes, and to not only become a good player, but a great one"
Stacey Rhodes – Former Power Player, Currently Playing for Slippery Rock University

Being a part of the power is one of the greatest experiences I have ever had. I have been given so many opportunities not just to meet new people and play softball, but also to get seen by college coaches and get a chance to play collegiate softball. I have been a part of other softball organizations, but Power was the first place where I really felt like I belonged.
Theresa Meyers – Current Player 23U

"The Pittsburgh Power organization has been one of the primary driving forces behind the development of fast-pitch in Western PA. From the many opportunities they give to young athletes, to the special events they sponsor with Olympic athletes, they have helped put Pittsburgh on the fast-pitch softball map."
Dr Craig Coleman – Athletic Director & Head Coach, Robert Morris Univ.
